Cynnal Funding Application

You will know that we have submitted an application for funding to renovate the building for the Cynnal scheme being managed by the Welsh Council for Voluntary Associations.

Our application has been allowed through the initial phase. We have now submitted our detailed plans and a description of our project. Copies of these will be on display at the Community Centre on the night of the Christmas concert.

There is still a long way to go in the process and all may come to naught. If we are successful in getting the grant we will have a once in a lifetime opportunity to renovate the building to a standard we all wish to see to provide safe and welcoming facilities for all the Community.

Please come and see and discuss the plans. There will be a great deal to do to make the project a success and your continued support is vital.

The Management Committee would like to thank everyone for their help and support during the year and we hope to see you next year.

Merry Christmas and a Happy New Year to you and your families.
